

Roman Rings Workshop

Norah McMeeking Questions: www.bellabellaquilts.com

Center design is 30" square with 15" circles
42" x 42" with optional pieced border

This 42" square wallhanging is suited to intermediate quilters, though confident beginners might want to tackle it too.

Foundation piecing is combined with curved piecing to assemble this handsome quilt. Two levels of complexity are possible. The version at the top left requires multiple unit foundations, while the version at the bottom left, uses much simpler foundations and requires far fewer pieces.

NOTE: For this intensive 1-day class, use the simplified version so that you'll learn all the steps to construct the quilt. You can change to the more complex design later, if you wish.

SEWING SUPPLIES

Printed pattern/foundations
available in class: **\$8.50**

Fine pins

Hand sewing needle

Sewing machine

Neutral color thread

Fabric marking pencils & sharpener

2 dozen safety pins or baggies

Fabric and paper scissors
